

Issaquah High School Site Council Minutes

March 8, 2007

A special meeting was called to select 2 community members to the Rebuild Core Team. Present at the meeting were: Paula Phelps, Julia Bamba, Cathie Foote, Jif Searing, Faith Medley and Jeri Justice.

There were 6 applicants for the core team. They were numbered 1 – 6. Issues to be considered in choosing are:

Jif - Understanding the process of rebuilding. A background in construction and structural engineering should be considered.

Julie -Involvement in IHS community and do they have students currently attending IHS or incoming students.

Paula – Need to have same values that we feel are important, i.e. community, academics, athletics – not far out ideas.

Each person present read all 6 applicants questionnaires and chose their 2 top applicants.

Mitch Tallman and Marty Goodman were selected to the Rebuild Core Team.
